The largest flying arena in the Mid-west!

If you haven't already, it's time to get your plans made for the "**E/xpo in the UNI Dome**".

This is your chance to get out your latest indoor electric plane, chopper or free flight & get some winter stick time inside the UNI-Dome (where it's warm). Or maybe you will want to participate in one of the scheduled events such as the Blue Ray pylon races.

You can also check out one of the many vendor's tables that will be there. Maybe even make a few additions to your fleet! Don't forget to bring the family and friends to enjoy one of the flight demonstrations to be put on each day.

For more information and a schedule of events go to: www.expodome.org.

SEE YOU THERE!!!

IMPORTANT NOTICE!

This Tuesday's meeting is the final planning meeting before the e/xpo in the Dome event. ALL members are urged to attend so as to lend their input to the meeting. The meeting will be held at the Cedar Falls Public Library on Main Street at 7:00PM in the Board Room at the top of the stairs
